

## Vision and Mission Statements And Guiding Principles

---

### VISION:

Southwest Wisconsin will have a comprehensive long-term care system for adults with disabilities and frail elders that is person-centered, quality focused and cost effective.

### MISSION:

The Southwest Wisconsin Care Management Coalition partners will design a long-term care system for all eligible consumers that build upon community and family support to enhance quality of life and personal outcomes.

### Guiding Principles:

The Southwest Wisconsin Care Management Coalition is committed to service designed to support consumers' independence while embracing the following RESPECT guiding principles.

**R***elationships* – Participants are supported to maintain and develop friendships and family relationships, and participate in their families and communities.

**E***mpowerment to make choices* – Give people better choices about the services and supports available to meet their outcomes in the most cost effective way.

**S***ervices to meet individual need* – Individuals want prompt and easy access to services tailored to their individual circumstances and outcomes.

**P***hysical and mental health* – Services are intended to help people achieve their optimal level of health and functioning.

**E***nhancement of participant reputation* – Services maintain and enhance participants' sense of self-worth and community recognition of their value in every way possible.

**C***ommunity and family participation* – Participants are supported to maintain and develop friendships and to participate in their families and communities.

**T***ools for independence* – People are supported to achieve maximum self-sufficiency and independence.
